ATTY GEN DIV
WUTC

As there is little to no income in January and February we cannot send a cheque for \$400 because it would be returned for "insufficient funds".

Enclosed please find a cheque for \$100 (we took a cash advance on the LTS credit card), which should demonstrate our intention of completing payment of this fine with increases in future payments as the tourist season allows.

Sincerely,

Michael Fassio:

Enclosed is a cheque for \$300 to complete the installment for March bringing our payments to \$1,600.

It is impressive that I have gotten more than 20 emails and letters from six or maybe seven different people in the UTC concerning this matter.
