I am writing today in regards to docket number U-200281.

Utility bills should not be another source of stress for Washington families right now (or ever!)

I am writing to demand:

- 1) an indefinite moratorium on utility shut-offs.
- 2) utility debt erasure for poor and low-income households.
- 3) Institute 4-6% of income arrearage payment plans for households.

Sincerely,
Megan Wagoner
Seattle
