

WUTC Docket No. UT-033044
Integra Telecom of Washington, Inc. Responses to Bench Requests
November 26, 2003

BENCH REQUEST NO. 41:

Please identify whether the information in the Local Exchange Routing Guide (LERG) for Washington state is current and accurate for the switches that you listed in response to Bench Request No. 39. If any of the information is not accurate, please identify the inaccurate information and provide corrected information, including any additions, deletions or changes. As part of your review of the information in the LERG, please state whether the CLLI code is accurate for each switch that you identified in response to Bench Request No. 39. In addition, please state whether the LERG definition of the function of each switch (*i.e.*, tandem, end office, etc.) is accurate.

RESPONSE:

The information in the LERG is currently accurate.

BENCH REQUEST NO. 46:

With respect to the lines identified in your response to Bench Request No. 44, please provide, beginning with January 1, 2003, the average total monthly revenues earned per line served in Washington state by LATA, MSA, and wire center, and specify the source of those revenues by service type. The average total monthly revenue per line should include revenues associated with the basic retail price charged to the customer, vertical features, universal service payments, interstate access charges, intrastate access charges, subscriber line charges, toll, long distance, local number portability, data, service to Internet service providers, and line revenues derived from any other sources. Please provide any available breakdowns of each revenue component that is part of the average total revenue per line, identifying the type and amount of the revenue. Please identify any differences between types of customers served.

RESPONSE:

Integra does not maintain responsive data in the form requested.

BENCH REQUEST NO. 47:

With respect to the lines identified in your response to Bench Request No. 44, please provide, beginning with January 1, 2003, the average total monthly cost incurred per line served in Washington State by LATA, MSA, and wire center, and specify the source of those costs by service type. These costs should include costs associated with switching; loops; collocation; transport; hot cuts; OSS; signaling; customer acquisitions; backhauling traffic to your switches; maintenance, operations, and other administrative activities; and capital costs. Please provide any available breakdowns of each cost component that is part of the average total cost per line, identifying the type and amount of each cost. Please identify any cost differences between types of customers served.

RESPONSE:

Integra does not maintain responsive data in the form requested. With few exceptions – most notably facilities and services obtained from Qwest – Integra does not incur costs to provide local exchange service on a monthly basis and does not convert investments and other costs to per month costs as part of its normal business operations.

BENCH REQUEST NO. 48:

Please state whether you are providing, or have plans to provide, through a wholesale, lease, or resale arrangement, capacity on any switches you own or operate in Washington state, or that you own or operate in another state and that you use to provide a qualifying service in Washington state, to another carrier for use in providing qualifying services anywhere in Washington state. For each switch you identify in response to this bench request, please identify:

- (a) The CLLI code for the switch;
- (b) The make, model, age, and current software upgrades of the switch;
- (c) The geographic location of the switch;
- (d) The geographic area served by the switch; including a list of all exchanges served by the switch;
- (e) The features and functions (including software upgrades) available in the switch;
- (f) The capacity of the switch, including:
 - (i) Percentage of switch capacity in use;
 - (ii) Percentage of switch capacity reserved for your own use and future use; and
 - (iii) Percentage of current and future capacity of the switch that will be made available for CLEC use.
- (g) For each switch identified, please state in detail:
 - (iv) The anticipated service life of each switch;
 - (v) Whether you intend to use the switch for the full anticipated service life.
- (h) The rates, terms, and conditions under which you are making the switch capacity available;
- (i) The identity of the other carrier, whether you are affiliated with the other carrier, and if you are affiliated, the nature of the affiliation.

RESPONSE:

No such arrangements, and none are planned at this time.
