November 29, 2005

**NOTICE OF MODIFICATION OF SCHEDULE
(See Attachment A for complete schedule)**

RE: Integra Telecom of Washington, Inc. v. Verizon Northwest, Inc.
Docket No. UT-053038

TO ALL PARTIES:

On November 23, 2005, the parties proposed a further modification of the schedule for this proceeding, based upon their pursuit of settlement of the issues. The revised schedule calls for the filing of Integra's testimony on January 20, 2006, with other filing dates to follow that. The parties now propose that the evidentiary hearing occur some time after April 3, 2006.

Because the parties represent that a further continuance will assist in the resolution of the dispute without the need for hearing, it is reasonable to grant this request for an additional modification of the schedule. However, since the schedule has already been revised two times by agreement of the parties and this third scheduling proposal means that, if settlement efforts fail, the matter may not now be resolved until approximately June, 2006, the Commission advises the parties that it may not grant future requests for modification.

The Commission notifies the parties that their request for a modification of the schedule is granted as shown on Attachment A to this Notice.

Sincerely,

THEODORA M. MACE
Administrative Law Judge
