UTIL. AND TRANSP.  
COMMISSION

Dear Mr. Johnson:

Puget Sound Energy (“PSE” or “the Company”) submits for filing its 2019 Renewable Energy Target Final Compliance Report (the “Report”). In Order 01 in the above-referenced docket, the Washington Utilities and Transportation Commission required PSE to file a second compliance report no later than June 1, 2021, that provides information necessary to determine whether the Company met the January 1, 2019 Renewable Portfolio Standard (“RPS”) approved target of 1,890,612 MWh, including the specific megawatt-hours and/or renewable energy credits (“RECs”) used to meet the target. Order 01 also required PSE to provide details about which certificates were used for its voluntary renewable energy programs in 2019.

Attachment 1 to the Report is a listing of RECs retired for 2019 RPS compliance. Attachment 2 is a listing of RECs used for PSE’s voluntary renewable energy programs in 2019.

Please contact Chris Schaefer at 425-456-2932 for additional information about this filing. If you have any other questions please contact me at (425) 456-2105.

Sincerely,

*/s/ Susan Free*
