Subject: Gasco Sediments Site: ISS Field Pilot Study Weekly Summary Report - Week of October 16 (Week Six)

EPA Team,

Attached please find the Gasco Sediments Site Project Area In Situ Stabilization and Solidification Field Pilot Study Weekly Summary Report for the week of October 16 (Week 6). As requested by Hunter, attached please find a figure that shows the final configuration off ISS-treated columns in the Field Pilot Study footprint using both the 8-foot and 3-foot auger bits, along with the associated 14% and 16% grout dosage designations.
