

Bob,

As we see it, the major ETC issues break down into these categories (in rank order):

1. Public Interest Standard (Questions 17, 18, 19, 21)
2. Sustainability of the fund vs. competitive & technological neutrality. Questions 1, 2, 23, 24, 25, 26, 27)
3. Standards/requirements. (Questions 3, 4, 8, 9, 10, 11, 12, 13, 14, 15, 16, 20, 28).
4. Calculation of support amounts/cream skimming. (Questions 22)
5. Accountability/enforcement. (Questions 5, 6, 7, 29)

Each workshop could address one or two of these issues.
