AWEC Data Request 075

AWEC Data Request 075

CONFIDENTIAL REQUEST - Reference Exh. DRS-1CT at 44, Confidential Table 7

Response to AWEC Data Request 075

PacifiCorp objects to this request as cumulative, duplicative, and obtainable from information that the Company has already provided, and requesting the creation of new data or analysis, and not reasonably calculated to lead to this discovery of admissible evidence. Without waiving the foregoing objection, the Company responds as follows:

The Company has not performed the requested analysis. The Company already provided the correct hedge positions in Confidential Table 5 of Exh DRS-1CT at 20. The remainder of the analysis has not been performed because, as described in detail in the Rebuttal Testimony of Company Witness Douglas R. Staples, a comparison to actual transactions is not appropriate for determining policy compliance because it is entirely reliant on data unavailable to the Company at the time when hedges were being executed.
