

**BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION
COMMISSION**

**Washington Utilities & Transportation Commission v. Cascadia Water, LLC Docket No.
UW-240151**

Cascadia Water, LLC's Data Request Nos. 001 to 009

CASCADIA WATER 001: _____

CASCADIA WATER Data Request No. 001 to WCAW:

Please describe what it means to be a “member” of WCAW and include a description or list of the criteria for membership in WCAW. Are all WCAW members customers of Cascadia Water? If not, how many members of WCAW are not customers of Cascadia Water.

Response: Being a “member” of WCAW simply means an individual has expressed support for the efforts of the WCAC executive committee to advocate before the UTC for fair reasonable water rates for Cascadia Water customers. There are no criteria for membership. To the best of our knowledge all members are customers of Cascadia Water.

The individuals preparing this and the following responses are Vicki Colburn, Kent Hanson, and Steve Todd. Their contact information has been previously provided in WCAC’s Petition to Intervene.
