Evan,

I have forwarded your comments to the appropriate Staff and have added them to our database. I am almost sure the NOT has been left out on purpose and certain situations taken care in other places, but Pam and Tani know best.

You can send more comments now and/or you can send more comments after talking with the Consumer Affairs people, even after 7/28. Please, do so.

I'll also get back to you once I have talked to Pam or Tani.

Thank you for your input.
