Re: Olympic Water and Sewer, Inc. – Surcharge Filing for Deferred Costs  
Second Extension of Effective Date  
UTC Docket No. UW-110436

Dear Mr. King:

Olympic Water and Sewer Company, Inc. (OWSI or Company) filed a general rate case under UTC Docket No. UW-110436 to recover deferred costs through a surcharge, with a requested effective date of April 24, 2014. On April 10, 2014, the Commission issued a complaint and order suspending tariff revisions.

The effected parties continue to pursue a potential resolution of the issues in the suspended general rate filing in Docket No. UW-110436. Pursuant to this letter, and in order to allow for additional time, the Company waives the statutory suspension period set forth in RCW 80.04.130 as set forth herein, consenting to an extension of all deadlines associated with the suspension date as set forth in RCW 80.04.130, and otherwise, by a period of an additional thirty (30) days, further extending the deadlines as originally extended per our letter of July 2, 2014. Please do not redocket.

Larry Smith, President
