Jim-

I have been asked by Kathie Barnard to provide you with the attached information on the prior obligation issue. Please let me know if you have any questions about the information provided.

Kathy/Jon given the interest surrounding the prior obligation issue at the last couple open meetings, could you please provide us more information by filling out the attached Excel spreadsheet? We are requesting this info for each of the utilities and are requesting that you provide this information by Friday, August 1, if at all possible. Let me know if you have any questions, Thanks.

Hi Jim,

Renee Webb prepared the data in response to your question. Her data is attached below and she entered answers in Blue. Jim, if there is other data you want that we have, give us a call.

Renee and I are planning on attending the next Open Meeting that has this item on the agenda...next Wednesday, August 8, I believe.

Hope this is helpful.

Subject: RE: Information request on prior obligation.

Jim,

Here is the info you requested on prior obligation. I will be out of the office until August 20. Should anything come up on this in the meantime please contact Robin.

With regard to the follow up question on how we would define an "abuser" of prior obligation, the Company would consider using prior obligation more than one or twice per calendar year to be excessive.

Carole

Subject: Prior Obligation Info

Good afternoon,

Attached below, please find a file containing as much of the requested information that we could pull together by late afternoon today. The file does not include the distribution showing the number of times individual customer have gone prior. We do, however, have some folks working on doing some programming so that we can provide that information--it should be available by early next week.

If you have any questions or concerns about the information attached and would like to talk before the Open Meeting tomorrow, you can try me on my cell phone at the number below.

Thanks and I look forward to seeing you all tomorrow.
