**Response:**

NW Energy Coalition and Front and Centered object to PSE's Data Request No. 007 as misrepresenting or mischaracterizing the referenced testimony, assuming facts not in evidence in this proceeding, and as purporting to impose obligations upon NW Energy Coalition and Front and Centered in excess of those required by the Commission's discovery rules (WAC 480-07-400 through 480-07-425). Without waiving such objections, and subject thereto, NW Energy Coalition and Front and Centered respond as follows:

NVEC, Front and Centered, and Mr. Colton do not have the data necessary to respond to this Data Request. Mr. Colton's Direct Testimony did not match Census Tract data to counties. Moreover, no maps were generated in support of, or presented in, Mr. Colton's Direct Testimony.
