VERIZON NORTHWEST, INC.,)	ORDER NO. 01
)	
For Assignment of Telephone)	ORDER ASSIGNING
Number Resources)	NUMBERING RESOURCES
.....)	

BACKGROUND

1 Verizon Northwest, Inc., (Verizon) requested on August 18, 2004, that the Commission overturn the numbering administrator's decision to withhold numbering resources and direct the Pooling Administrator to provide one block of one thousand numbers in the Silverlake rate center. These numbers will be used for a new phone system in the Department of Transportation maintenance and engineering office, to maintain an existing abbreviated four digit dialing plan. A block starting with "8" will accomplish this (425-NXX-8XXX).

FINDINGS AND CONCLUSIONS

2 (1) On December 28, 2001, the Federal Communications Commission (FCC) issued an order establishing a "safety valve" allowing carriers that do not meet the utilization threshold in a given rate center to obtain additional numbering resources apart from the general waiver process. (*In the Matter of Numbering Resource Optimization*, Third Report and Order and Second Order on Reconsideration, CC Docket 99-200, FCC No. 01-362, ¶¶ 57-66.) Specifically, the FCC granted to state commissions the authority to direct the Pooling Administrator (Neustar) to release a block of numbers to a carrier to satisfy a specific customer request that cannot be met with the carrier's current inventory. (*Id.* ¶ 64).

- 3 (2) The Commission has jurisdiction over this matter pursuant to RCW
80.36.610, which gives the Commission authority to take actions necessary
to implement the Federal Telecommunications Act of 1996.
- 4 (3) Normally, additional numbering resources are granted only when existing
resources are forecasted to exhaust within six months. [47 CFR
52.15(g)(3)(iii)].
- 5 (4) The Pooling Administrator website reports an inventory of 53 blocks of
1,000 numbers in the Silverlake rate center, and indicates that the exhaust
of NPA 425 is scheduled for the third quarter of 2014.
- 6 (5) This matter was brought before the Commission at its regularly scheduled
meeting on September 8, 2004.

ORDER

THE COMMISSION ORDERS:

- 7 (1) Neustar, Inc., acting as the Pooling Administrator, to release one block of
1,000 numbers , specifically an eight thousands block (425-NXX-8XXX) in
the Silverlake rate center to Verizon Northwest, Inc.
- 8 (2) The Commission retains jurisdiction over this matter to take such future
actions as may be appropriate.

The Commissioners, having determined this Order to be consistent with the
public interest, directed the Secretary to enter this Order.
