**BACKGROUND**

- 1 On April 3, 2006, Puget Sound Energy (PSE) or the Company) filed a petition requesting temporary exemption from WAC 480-90-257(1).
  
- 2 WAC 480-90-257 requires electric companies to file an annual Commission basis report depicting the operations of a gas utility under normal temperature and gas supply conditions during the reporting period. The Commission basis reports are due within four months of the end of a utility's fiscal year.
  
- 3 PSE states that due to the Company's recent and ongoing general rate case filing and the need to respond to data requests associated with that filing, compliance with WAC 480-90-257 would be an administrative burden at this time.
  
- 4 Commission Staff reviewed the request and recommended granting PSE's request for temporary exemption of WAC 480-90-257, subject to the following condition: The Company's request that the due date for filing of the commission basis report for the twelve month period ending December 31, 2005, be extended to June 30, 2006. Puget must file the report earlier if completed.

**FINDINGS AND CONCLUSIONS**

- 5 (1) The Washington Utilities and Transportation Commission is an agency of the State of Washington vested by statute with the authority to regulate rates, rules, regulations, practices, accounts, securities, and transfers of public service companies, including gas companies. *RCW 80.01.040, Chapter 80.04 RCW, Chapter 80.28 RCW, Chapter 80.08 RCW and Chapter 80.12 RCW.*

- 6 (2) PSE is engaged in the business of providing gas services within the state of Washington and is a public service company subject to the jurisdiction of the Commission under the provisions of Chapter 80.28 RCW.
- 7 (3) PSE is subject to the provisions of WAC 480-90-257, requiring gas companies to depict the operations of a gas utility under normal temperature and gas supply conditions during the reporting period. The Commission basis reports are due within four months of the end of a utility's fiscal year.
- 8 (4) WAC 480-90-008 provides that the Commission may grant an exemption from the provisions of any rule in Chapter 480-90 WAC, if consistent with the public interest, the purposes underlying regulation and applicable statutes.
- 9 (5) This matter was brought before the Commission at its regularly scheduled meeting on April 26, 2006.
- 10 (6) After review of the petition filed in Docket UG-060527 by PSE on April 3, 2006, and giving due consideration, the Commission finds that the temporary exemption is reasonable and should be granted.

**ORDER**

**THE COMMISSION ORDERS:**

- 11 (1) After the effective date of this Order, Puget Sound Energy is granted a temporary exemption from WAC 480-90-257 (1) which requires that Commission basis reports are due within four months of the end of a utility's fiscal year.
- 12 (2) This temporary exemption is subject to the following condition(s). The due date for the Commission basis report for the twelve month period ending December 31, 2005, is temporarily extended until June 30, 2006, unless the report is completed before that date, at which time the report must be filed.
- 13 (3) The Commission retains jurisdiction over the subject matter and Puget Sound Energy to effectuate the provisions of this Order.

The Commissioners, having determined this Order to be consistent with the public interest, directed the Secretary to enter this Order.

DATED at Olympia, Washington, and effective April 26, 2006.
