BACKGROUND

- 1 On March 13, 2006, North Beach Public Development Authority, purchased the assets and took over operation and ownership of Ocean Park Water Company, Inc. North Beach Public Development Authority’s office is located in Ocean Park and serves approximately 2,200 customers on two water systems in Pacific County.

- 2 On April 21, 2006, the Company filed a letter to be removed from regulation and to cancel its current tariff. After Commission investigation, Ocean Park Water Company, Inc., is determined to no longer provide regulated water service. The Commission can remove a water company from regulation under the provisions of RCW 80.04.010. A water company cannot be removed from regulation except with the approval of the Commission. Removing Ocean Park Water Company, Inc., from regulation will be consistent with the public interest, because the water system is now operated and owned by North Beach Public Development Authority, which is a public entity.

FINDINGS AND CONCLUSIONS

- 3 (1) The Washington Utilities and Transportation Commission is an agency of the State of Washington vested by statute with the authority to regulate rates, rules, regulations, practices, accounts, securities, and transfers of public service companies, including water companies. *RCW 80.01.040; Chapter 80.04 RCW; Chapter 80.28 RCW; Chapter 80.08 RCW and Chapter 80.12 RCW.*

- 4 (2) Ocean Park Water Company, Inc., is an investor-owned water company and is a public service company subject to the jurisdiction of the Commission.

- 5 (3) North Beach Public Development Authority is a public entity with a five-member board created by the Ocean Park County Commissioners in October 2004 and is a public service company not subject to the jurisdiction of the Commission.
- 6 (4) This matter was brought before the Commission at its regularly scheduled meeting on May 17, 2006.
- 7 (5) From all indications, it appears to be in the public interest to grant the request of removal from regulation and canceling the corresponding tariff.
