LIFESAVER)	
)	
Petitioner,)	
)	ORDER GRANTING REQUEST FOR
Requesting Disbursement from the)	DISBURSEMENT FROM THE GRADE
Grade Crossing Protective Fund)	CROSSING PROTECTIVE FUND
.....)	

BACKGROUND

- 1 On September 1, 2006, Washington Utilities and Transportation Commission (Commission) sent a “Notice of Opportunity to Apply for Grant Monies from the Grade Crossing Protective Fund” in Docket TR-051633 to various interested parties eligible to apply for Grade Crossing Protective Fund (GCPF) grants.
- 2 On October 9, 2006, Washington Operation Lifesaver filed an application with the Commission, requesting a disbursement of \$20,000 from the GCPF to pay for a project related to pedestrian safety.
- 3 Washington Operation Lifesaver, in conjunction with the City of Seattle and BNSF Railway, seeks to install fencing between the parking lot of Golden Gardens Park and the BNSF railroad tracks between milepost 7.5 and 8.0 at Seattle, Washington.
- 4 Golden Gardens Park is a popular park in Seattle that offers picnic and play areas adjacent to a beach on Puget Sound. BNSF tracks lie between the park and the beach. Visitors to the park, particularly teenage visitors, often cross the tracks to access the beach. The railroad tracks consist of two sets of main-line track. BNSF runs 35 freight trains each day on those tracks at a speed of 40 miles per hour. In addition, Amtrak runs four passenger trains daily at 45 miles per hour. The Commission has documented seven pedestrian fatalities at the tracks near the park since 1993.
- 5 Many site visits by Commission Staff over the last several years confirm the safety problem described by Washington Operation Lifesaver exists and that the proposed fence will limit pedestrian access to the tracks in this area.

- 6 Washington Operation Lifesaver seeks \$20,000 to pay part of the cost of the fencing. The total estimated cost of the fencing is \$50,000. BNSF and the city of Seattle have agreed to fund the remaining \$30,000. There are currently funds available to pay for the project.

FINDINGS AND CONCLUSIONS

- 7 (1) The Washington Utilities and Transportation Commission is an agency of the State of Washington having authority to approve and administer disbursements from the Grade Crossing Protective Fund. *Chapter 81.53.271 RCW and 81.53.281 RCW.*
- 8 (2) The project for which disbursement from the Grade Crossing Protective Fund is sought is eligible for funding consideration under Commission rules and complies with the requirements of RCW 81.53.271 and RCW 81.53.281.
- 9 (3) Commission staff investigated the request based on the review criteria specified in the rules and recommended that it be granted.
- 10 (4) This matter was brought before the Commission at its regularly scheduled meeting on December 13, 2006.
- 11 (5) After examination of the application filed by Washington Operation Lifesaver, Inc., on October 9, 2006, and giving consideration to all relevant matters and for good cause shown, the Commission grants the request for disbursement of funds.

ORDER

THE COMMISSION ORDERS:

- 12 The request of Washington Operation Lifesaver, proposing to install fencing at Golden Gardens Park in Seattle, Washington, is granted, subject to the following conditions:
- (1) Expenditure from the Grade Crossing Protective Fund must not exceed \$20,000.

- (2) The work for which the Grade Crossing Protective Fund disbursement was approved must conform to the project description specified in the application.
- (3) Payment will be made upon presentation of claim for reimbursement for costs incurred and verification by Commission staff that the work has been satisfactorily completed.
- (4) The project must be completed no later than June 30, 2007.

DATED at Olympia, Washington, and effective December 13, 2006.

WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

CAROLE J. WASHBURN, Executive Secretary
