Re: Docket UG-070123

Dear Ms. Washburn:

Cascade's previously filed Advice CNG/W07-01-01, docketed as UG-070123, included a request that the proposed tariff revisions be approved with less than statutory notice to become effective on January 19, 2007. However, in order to allow for this item to be included on the next regularly scheduled open meeting, the Company requests that the proposed tariffs be approved with an effective date of January 24, 2007.

Additionally, in accordance with WAC 480-90-198, the Company declares that notice to customers will be made in accordance with WAC 480-90-195(3). Cascade will issue bill inserts to all customers impacted by the proposed tariff change following final disposition of this filing. The proposed change will affect approximately 60 non-core customers who utilize these optional services.

If there are any questions regarding this filing, please direct them to Katherine Barnard at (206) 381-6824.

Sincerely,

A handwritten signature in black ink, appearing to read "Jon T. Stoltz", is written over the typed name.
