Item 100 – Residential Service – Monthly Rates (continued)

**Curbside recycling** provisions shown on this page apply only in the following service area: That part of Whatcom County known as Point Roberts.

Following is a description of the recycling program (type of containers, frequency, etc.). Program provided in accordance with Ordinance Nos. 90-95, 95-045, 97-067, and 2001-041 (as codified in Chapter 8.10 of the Whatcom County Code) of Whatcom County.

The Company is unable to provide curbside recycling service and has determined that curbside recycling collection is not economically viable, not needed in Point Roberts, and not in the best interests of the rate payers. Curbside Recycling Collection was permanently suspended on January 24<sup>th</sup>, 2008. The Company is providing free self-haul recycling as an alternative.

The above listed Ordinances are to implement the Whatcom County Solid Waste Management Plan. Whatcom County is required under the planning guidelines to determine recycling needs for both urban and rural areas, to determine the cost effectiveness of recycling programs and to accommodate differing population densities, distances to and availability of recycling markets, and collection and disposal costs in each community. Planning criteria shall also include levels of participation and unreasonable cost impacts on the rate payer. The WUTC is required to assess the collection cost impacts on rates charged by regulated companies.

Both Whatcom County and the WUTC have failed to perform their legislatively mandated responsibilities in the planning process specific for Point Roberts. There has never been a reasonable or specific planning or cost assessment performed. Whatcom County also refuses to implement and enforce the companion Universal Service Ordinance in the Plan. Therefore, the Whatcom County Solid Waste Management Plan is not valid for Point Roberts and the associated Service Level Ordinances listed above are not valid. The Company cannot be required to comply with a Solid Waste Management Plan until all planning requirements are fulfilled by both Whatcom County and the WUTC; and a determination is made that curbside recycling is needed, viable and sustainable.

Special rules related to recycling program:

Curbside recycling collection is not available.
