Subject: Application for Registration of CoSpeed LLC
Docket No. UT-091326

Dear Mr. Danner:

As you know, we represent CoSpeed LLC ("CoSpeed") with regard to the above-referenced application for registration and petition for competitive classification. As we have discussed, and following up on the e-mail from Mr. Jonathan Thompson late yesterday afternoon, CoSpeed hereby requests that the registration application be approved prior to 30 days from the filing of the application pursuant to RCW 80.36.350, and prior to the effective date of the competitive classification. CoSpeed has no objection to the competitive classification petition not becoming effective until on or after September 19, 2009. The basis of this request is so that CoSpeed can ensure that it will be able to receive an official carrier number ("OCN") from the National Exchange Carrier's Association ("NECA") as well as get its OCN as a CLEC listed in the National Payphone Clearinghouse database by the end of this quarter. This will serve the public interest by enabling CoSpeed to begin competing in the provision of payphone access lines in the state of Washington by early in October 2009, rather than being delayed by a full quarter until January 2010.
