

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.8 REGULATED NETWORK FACILITY TERMINATIONS

2.8.1 INTRA-PREMISES NETWORK CABLE AND WIRE

B.4. (Cont'd)

- c. The property/building owner shall provide the necessary structure and space, as defined by the Company, to terminate facilities at the lowest common serving point. (N)
(N)
- d. If IPNCAW was installed prior to July 1, 1993, and the protector is located beyond 12" of the location of the regulated telephone facilities entrance into the building, the Company will continue to provide service at regulated expense for existing access exchange service to an established Demarcation Point within 12" (or as close as is technically feasible) of the existing protector. (T)

5. Multi-Tenant/Occupant Buildings

- a. For each multi-tenant/occupant building the Company shall terminate service at the point of entry into the property or building, at the lowest common serving point as determined by the Company. At this serving point the Company shall establish the SNI.
- b. The property/building owner shall maintain and manage Inside Wire to each individual customer premises/unit.
- c. The property/building owner shall provide the necessary structure and space, as defined by the Company, to terminate facilities at the lowest common serving point.
- d. For multi-tenant/occupant buildings constructed on continuous property, such as, but not limited to, shopping centers, condominiums, industrial parks, office buildings multi-use buildings, and campuses, the Company shall establish a single main demarcation point. Where feasible, one or more alternate demarcation points may be placed or reinforced by the Company at the request of the customer or property owner. Charges will be applied to cover additional cost of placing or reinforcing alternate demarcation points. The property owner or customer is responsible for service on the customer side of the demarcation point.
