

Re: Initial Tariff Filing with the Washington Utilities and Transportation Commission

To: Copalis Rocks Water System Customers

Copalis Rocks Mutual Benefit Association (CRMBA) has filed to become regulated by the Washington Utilities and Transportation Commission (commission). If approved, CRMBA will become registered with and regulated by the commission effective December 15th, 2010.

This initial filing does not change rates, but rather establishes them with the commission. A future filing will adjust rates to be fair and justifiable in accordance with commission practices. If you have any questions about the proposed filing and how it will affect you, please call CRMBA at 425-778-8500.

The commission protects consumers by ensuring utility and transportation services are fairly priced, available, reliable and safe. Regulated companies must obtain the commission's approval before any rates or services may be changed. The commission will consider these changes at an open meeting in Olympia on January 27th 2011.

If you would like additional information about the commission, please visit <http://www.utc.wa.gov>, or use the contact information below:
