Re: **Docket TG-120072**

Dear Mr. Danner:

With regards to the above named Docket for Ada-Lin Waste Systems, Inc. d/b/a Sunshine Disposal & Recycling; we request waiver from General Rate proceeding requirements in WAC 480-07-520.

The Spokane Regional Solid Waste System increased disposal fees effective February 1, 2012 from \$98.00 to \$104.00 per ton. With the original filing we submitted work papers demonstrating that this rate increase will only cover the additional costs relating to this increase. For this Tariff area, the proposed rates will generate approximately \$1,700 in additional annual revenue.

Current rates have been in effect since October 1, 2009. While the current rates were filed by the previous owner of this territory, the operations of this small territory of about 365 customers have not changed significantly, and there has been no substantial customer growth.

If I can be of any further assistance, please contact me at 509-924-5678 x217 or at johnl@sunshinedisposal.com.

Respectfully,

John Lloyd
Chief Financial Officer
