Subject: Waste Management of Skagit County, a division of Waste Management of Washington, Inc.
(G-237); Tariff # 18

Enclosed are revised tariff pages 2 and 25 and new Appendix B to the above-referenced tariff. The purpose of these tariff revisions is to expand the areas in Skagit County where we propose to offer residential subscription yard waste collection services. Currently we offer this service only at the Skagit Golf and County Club in Skagit County. We would like to expand this service to all areas west of Highway 9 that are described in more detail on the tariff pages above and in the attached map denoted as Appendix B. Due to customer demand the company wishes to offer this service at the current tariff rates charged for this service in Item 100, page 22 to our tariff. If approved, this new service will become available to nearly 6,500 customers. We request that this new service be approved to become effective on June 1, 2012.

Customers will be notified of this new service option on their next regularly scheduled billing. If you have any questions or need additional information, please contact me at (425) 814-7840.

Very truly yours,
