VIA E-FILING

Mr. Steven V. King, Acting Executive Director and Secretary
Washington Utilities and Transportation Commission
1300 South Evergreen Park Drive SW
Olympia, WA 98504-7250

Re: Kalama Telephone Company - First Revised Sheet No. 65.1.32 Canceling Original Sheet No. 65.1.32; Fourth Revised Sheet No. 65.2 Canceling Third Revised Sheet No. 65.2; Second Revised Sheet No. 65.2a Canceling First Revised Sheet No. 65.2a; Fourth Revised Sheet No. 65.3 Canceling Third Revised Sheet No. 65.3; Third Revised Sheet No. 65.4 Canceling Second Revised Sheet No. 65.4; Second Revised Sheet No. 65.5 Canceling First Revised Sheet No. 65.5;

Dear Mr. King:

Attached you will find the above-referenced Tariff Sheets. The purpose of this filing is to clarify that the company-specific terminating access rates for Switched Access Service no longer apply. Instead, the WECA Tariff WN U-2 adoption by reference of the NECA Tariff F.C.C. No. 4 and NECA Tariff F.C.C. No. 5 means that the applicable provisions of those tariffs will control.

The result of these changes is that the company is adopting the rate structure and rates for terminating Switched Access Service that exist on the interstate level for intrastate purposes. In addition, the company is adopting the Direct Trunked Transport rate structure and rates for both originating and terminating service that exist on the interstate level for intrastate purposes. This portion of the filing is intended to meet the Federal Communications Commission's requirements in its Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161 (rel. Nov. 18, 2011)(*USF/ICC Transformation Order*) and as contained in 47 C.F.R. § 51.909.

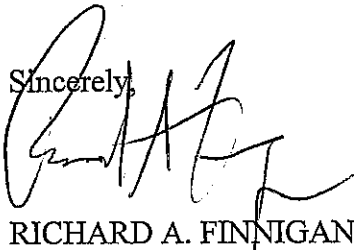

Because the company does its own billing, the company believes it is going to be administratively easier to use an approach on the intrastate access service that is similar to the

interstate rate structure and rates. Therefore, the company has also changed its originating Switched Access Service rate structure and rates to be parallel to the interstate rate structure and rates. The company has retained a local Switched Access rate element that will be billed in addition to all other rate elements in order for the filing to be revenue neutral on the originating side. This rate is found at Sheet No. 65.3. The company has also added language on use of SS7 information for billing.

Mr. Hanson has authority to sign tariff sheets for Kalama Telephone Company. The undersigned has authority to file said sheets on behalf of Kalama Telephone Company.

Thank you for your attention to this matter.

Sincerely,

RICHARD A. FINNIGAN
