Re: Fuel Surcharge Request and LSN for Pacific Northwest Transportation Services, Inc. (C-862)

Mr. King:

The company requests Commission approval to amend its filed Tariff No. 4 on Less Than Statutory Notice to include a Special Fuel Surcharge Tariff Supplement No. 125 to recover the difference in current cost of fuel and the fuel costs embedded in the filed rates. We respectfully request approval and adoption of the attached "Fuel Surcharge Tariff Supplement", to become effective 25 November 2013, and will expire 28 November 2013, to recover the risen cost of fuel. "Fuel Purchase History through 11-19-13" will be sent following this filing as a supporting document from our fuel supplier.

The proposed fuel surcharge amount is \$0.75 per one way passenger fare and \$1.50 per round-trip passenger fare. The percentage amount that rates will change, if they become effective, is from 0.41% to 15.00%.

The amount of revenue that is expected to change if the proposed rates become effective is \$3,829.50.

Sincerely,
