Olympia WA 98504-7250

RE: Rate Decrease, 7-Day Filing WAC 480-70-262(1), Tariff Number 26, for  
Murrey's Disposal Co., Inc. G-9.

Dear Mr. King:

This filing will reduce the recycling service rates in the above named tariff.  
We respectfully request that the Commission approve this filing to become effective  
March 1, 2014.

The rate reduction is the difference of a lower material processing cost per ton offset  
by higher transportation costs to the processing facility. The rate will decrease from  
\$7.26 to \$7.10 (2.2%) per residential and multi-family 95-gallon cart per month. The  
multi-family containers will decrease from \$4.49 to \$4.39 (2.2%) per yard per pickup.  
Recycling stations will decrease by (2.2%) per pickup. We project this will decrease  
revenue for the 95-gallon cart by \$63,400; multi-family containers by \$4,487; and  
recycling stations by \$3,375 for a 12-month period.

There are 33,020 95-gallon cart customers, 425 multi-family container customers and  
37 recycling station customers affected by this change. The last general rate increase  
approved by the Commission was effective October 16, 2013.

Attached are revised tariff pages and supporting documentation containing the revised  
rates. Customers will receive notification of the rate reduction on their first scheduled  
billing.

If you have any questions regarding this filing, please contact me at (360) 832-8749 or  
via email at [irmgardw@wcnx.org](mailto:irmgardw@wcnx.org).

Sincerely,

Irmgard R Wilcox  
Senior Pricing Manager
