Olympia, WA 98504-7250

Subject: Brem-Air Disposal, a division of Waste Management of Washington, Inc. (G-237); Tariff # 20

Enclosed are revised tariff pages Title, 2, 22 and 24 and the addition of Appendix B to the above-referenced tariff. The primary purpose of the revisions to these tariff pages is to reflect the expansion of the residential yard waste collection service territory. This expanded service territory is reflected in the areas colored in purple on Appendix B. It is estimated that the expansion of the yard waste service territory will allow an additional 2,060 customers to be able to subscribe for this optional service. Since the expansion of the yard waste service territory does not either result in an increase or decrease to our current tariff rates we are requesting an effective date of May 1, 2014 to implement this new service to these customers. Customers will be notified of this new service option as either an insert or message on their next bill.

If you have any questions or need additional information, please contact me at (425) 814-7840.

Very truly yours,

A handwritten signature in blue ink, appearing to read 'Michael A. Weinstein'.
