ORDER GRANTING

WWP is proposing to serve one residential customer with the present potential for nine more with a main extension. There is the potential of additional growth of residential customers in the area.

This order makes no determination at this time as to the reasonableness of any gas pipeline facility construction to serve this addition to WWP's service area, but reserves the right of the Commission to determine such reasonable services and expenditures, together with the treatment of same, in any formal proceeding before the Commission dealing with WWP's results of operation for ratemaking purposes.

It appears that the application herein should be granted to satisfy the public convenience and necessity.
