RE: Penalty Assessment UT-150806

Dear Commission,

Convergence Technologies, Inc. is formally requesting mitigation of the penalty assessed (UT-150806). Whereas Convergence Technologies does acknowledge the report was signed on April 30, 2015 and mailed the same day, the undated WUTC letter of penalty notification states that the report was not filed until May 8, 2015. It is unknown what the delay was between the post mailing of the report and the receipt and filing of the report by the WUTC.

Convergence Technologies, Inc. does not provide residential, business or commercial telephone (dial tone) services. We provide and support fiber optic fed internet services to commercial and business accounts. Since the report is requesting information regarding dial tone type services Convergence Technologies, Inc. is requesting relief from the assessed penalty. I hope you will please consider this request.

Sincerely,

John Stockwell
President
