Hi Tina,

We are keeping the common carrier permit, we just no longer haul solid waste. I assume the solid waste is a separate permit that can be cancelled without affecting the common carrier permit?

Thanks.

Hi Lynn,

As you can see, Megan has forwarded your email to me for processing. I noticed that you also have a Common Carrier permit. Are you keeping that active or are we cancelling it also?

Please advise.

Sincerely,

Tina Leipski

We are in receipt of the UTC's June 5, 2015, letter to LTI, Inc. as well as your follow-up email dated June 25, 2015.

This is to advise you that LTI, Inc. no longer hauls solid waste and has not for quite some time. Accordingly, we don't have any contracts or documentation to provide to the UTC.

We would like to close out the file with the UTC and ask you what the best process is for doing so.

Thank you and I look forward to hearing from you.

Regards,

**Lynn Craft**
