Subject: Columbia View Estates Water (WFI #08263V, WFI #07762X, WFI #08265W).

Petition to be removed from Regulation

Dear Commission:

Columbia View Estates owns three wells which services 9 homeowners (CV1, CV2 and CV3) As the owner, I am petitioning the Commission to be removed from regulation under RCW 80.04.010 (30) (e). This RCW allows a water company to be removed from regulation if the number of customers falls below one hundred or the average annual revenue per customer falls below \$300. The \$300 threshold was recently changed to \$557. Attached are the following documents:

1. Customer and revenue summary to demonstrate our customer count and revenue levels are below Commission levels for regulation.
2. Customer notice about our request to be de-regulated that we mailed on July 5th, 2015.
3. Copy of our DOH letter/report/summary that we are in compliance with all requirements for continued operations of our water system.

We understand there is a review period and our petition may become effective at the end of that time.

Please call me at (360) 904-9490 if you have any questions.

Sincerely

Michael McCarthy
