

March 15, 2016

IMPORTANT NOTICE

YCOM Networks, Inc. d/b/a FairPoint Communications has filed with the Washington Utilities and Transportation Commission ("Commission") to increase its Residential Flat Rate Exchange Access Line Service from \$16.00 to \$18.00 per month effective May 15, 2016.

The Federal Communications Commission has issued an Order (FCC Order No. 11-161) that requires the Company to increase its rates to the levels set forth in this Notice or face a corresponding reduction in its universal service support. Universal service support enables the Company to provide high quality service to you. The Company has historically been cautious about raising its local rates, however, the Company believes it has no choice but to follow the FCC's requirement in order to continue to receive universal service support at approximately the same level it has in the past.

If you have any questions about the proposed filing and how it will affect you, please call the Company at 800-400-5568.

The Commission has the authority to set rates that may vary from the Company's request, depending on the outcome of its investigation. Commission staff will make a recommendation to the commissioners at an open meeting in Olympia, which is scheduled for 9:30 a.m. on May 12, 2016. You will have an opportunity to comment in person at this meeting. If you are unable to attend the open meeting, the Commission has a bridge line which enables you to participate by telephone. Call 360-664-1234 the day before the open meeting for instructions and to sign in. You can also comment by using the "Public Comment" feature at the Commission's web site, at utc.wa.gov, or by using the contact information below.
