RULES AND REGULATIONS

C. General Regulations (Continued)

10. Temporary Service or Speculative Projects

Establishment of Temporary Service or Service to Speculative Projects.

Subdivisions, housing projects, multifamily dwellings, and mobile home parks having five or more individual units, and commercial or industrial developments may be considered speculative projects.

The Company will, if no undue hardship to its existing customers will result therefrom, furnish temporary service or service to speculative projects under the following conditions:

The applicant for such service may be required to pay to the Company in advance, or otherwise as the Company may elect, the net cost of installing and removing any facilities necessary in connection with the furnishing of such service by the Company.

Each applicant may be required to deposit with the Company a sum of money equal to the estimated amount of the Company's bill for such service or to otherwise secure, in a manner satisfactory to the Company, the payment of any bills which may accrue by reason of such service to be furnished or supplied.

Nothing in this Regulation shall be construed as limiting or in any way affecting the right of the Company to collect from the applicant any other or additional sum of money, which may become due and payable to the Company from the applicant by reason of the service furnished.

If a customer maintains for 36 consecutive months a service installation which was originally established on a temporary or speculative basis, and if his business or operation at the end of that time has proven its permanency to the satisfaction of the Company, there will be refunded to the customer an amount equal to the charge above, less the normal Line Extension Charge which would have been applicable at the time the customer's service was installed. If the business has not proven its permanency at the end of 36 months, the refund provision will no longer apply.

GENERAL AND LOCAL EXCHANGE TARIFF

RULES AND REGULATIONS

C. General Regulations (Continued)

11. Lifeline Service

a. Lifeline Service

Lifeline Service applies the current Federal Baseline Credit amount to offset the federal End User Subscriber Line Charge as specified in Frontier's Tariff FCC No. 5.

An additional supplemental reduction will be made to the local single line residential rate of qualifying Lifeline Service customers.

Lifeline Service can only be associated with the primary residential connection.

Funding for Lifeline Service baseline amount and the supplemental reduction amount is obtained from a universal service support mechanism which all telecommunications carriers, that provide interstate telecommunications services, contribute to on an equitable and non-discriminatory basis.

(D)

Deposit requirements do not apply to Lifeline voice service customers if toll blocking is employed.

(C)

(D)

(D)

Lifeline Toll Restriction Service is available on a voluntary basis where technically feasible to Lifeline Telephone Service customers at no charge.

Lifeline Toll Restriction Service allows access to local, 911, 0-, 1+800/877/888 etc., and EAS calls. Access to Directory Assistance is available to Lifeline customers by dialing 0- and a operator surcharge will be applied. Access to Service Activation Codes "*/#" (e.g., *66, *69) is also allowed. Upon customer request, some Service Activation Codes may be blocked at no charge, where conditions and facilities permit.

Lifeline Toll Restriction Service prevents 0+, 00-, 1+NPA-NXX-XXXX, 1010XXXX, International (01+, 011+), Directory Assistance (411, 1+411, 0+411, 555-1212, 1+/0+555-1212, 1+/0+NPA-555-1212), 1+900 calls, 1+700, 976 calls, and IntraLATA toll calls.
