Re: Advice No. WA 17-06A for United Telephone Company of the Northwest

Dear Mr. King:

United Telephone of the Northwest d/b/a CenturyLink is forwarding for filing the sheets listed on Attachment A.

In this filing CenturyLink is removing Uniform Service Order Codes (USOCs) from the tariff. These codes are being removed as part of the consolidation and alignment of CenturyLink's billing system. No rates, terms or conditions will be impacted by the removal of these codes.

CenturyLink is also revising terms associated with cancellation of customer orders contained in this tariff. Current language is not clear as to what happens to the customer's order when the customer fails to respond to company inquiries within 30 days after the original service date. Company processes differ by legacy company on when billing begins and when the orders should be cancelled and there is a strong desire to have standard company processes. Accordingly, Service date Change Language is being revised to a standardized format and language surrounding the number of days the existing service orders can be delayed is being set at 60 days.

CenturyLink respectfully requests that these proposed rate changes become effective on May 6, 2017.

Sincerely,

A handwritten signature in blue ink that reads "Mark Brinton".
