RE: Commodity Credit Adjustment for Murrey's Disposal Co., Inc. G-9.

Dear Mr. King:

Attached please find revised pages for Tariff Number 27, as well as supporting documentation for the commodity credit adjustment.

The commodity credit will decrease from \$.88 to \$.63 (28.4%) per residential customer per month. The multi-family credit will decrease from \$.38 to \$.31 (17.1%) per yard per pickup.

Due to the volatility in the recycling commodity markets we are hereby requesting a waiver from WAC 480-70-351(2). The calculation uses the most recent six-month historical period to estimate the recycling commodity revenue/commodity credit for the next six months.

If approved by the Washington Utilities and Transportation Commission, the revised commodity credit will go into effect on March 1, 2018. Pursuant to WAC 480-70-271(2)(a)(vi), affected customers will receive notification of this change on the billing reflecting the revised rates.

If you have any questions regarding this filing, please contact me at (360) 695-4923, or via email at heatherg@wcnx.org.

Sincerely,

Heather Garland
