Hi Mike,

Please shut down the charter permit for the Employee Transportation Services entity.

Thank you,

Don Lacey | Director of Safety

Hi Don, for the DOT number, if you want to deactivate it, just go to fmcsa.dot.gov/registration and you should be able to log in and shut it down there. I'm not sure what their policy is on reactivating, but I would imagine there's a procedure to do that. As far as the Charter permit you have with us under that entity, just let me know if you want to shut it down. You will be able to reinstate it at any time, you'll just have to fill out an application.

Let me know if you have any other questions, or if I didn't understand what you were asking.

Subject: DOT #2461020

Hi Ben,

Please let me know if you have time for a few questions regarding deactivation of the DOT number in the subject line.

We established this number for a contract entity we no longer have the contract for service.

Would like to understand the best way to deactivate, but reactivate if we happen to gain an opportunity to the contract in the future?

Thank you,

Don Lacey | Director of Safety
