### Violation Information

**Violation RCW:** RCW 19.122.030

**Violation Section:** Section (1)(a)

**Violation Description:** On October 19, 2018, an Able Concrete Designs LLC (UBI No. 603 511 259) crew commenced work without calling in a locate request to Washington One Call. Their crew sawed into a street panel at 111 E. Hamlin St. in Seattle, WA. In doing so, they sawed through a 2-inch fire water service line. SPU crews repaired the damage and the costs were \$2,432.60. On August 26, 2019, an invoice with cover letter and documentation of the damage was mailed to Able Concrete Designs LLC. They did not respond. On October 21, 2019 a telephone message was left; there was no response. On October 30, 2019, a past due notice was mailed; again, no response. And finally today, November 18, 2019, I left another detailed voice message asking for a callback. I also spoke with Chris Hutylar at Hutylar Consulting, who was the general contractor at (206) 619-6999 and Matt Herron, the registered agent for the property owner/developer 111 Hamlin LLC at (206) 931-2535. Both Mr. Hutylar and Mr. Herron indicated that they have "had issues" with this contractor, which they described as shoddy work and questionable business practices. My concern is that Able Concrete Designs LLC is conducting such work in the City of Seattle without observing the mandates of the locate law. That, and they have failed to pay for the damage they caused that could likely have been avoided if they had called in a locate.

**Violation Address:** 111 E. Hamlin St., Seattle, WA

**Violation Date:** 10/19/18
