RE: Prologis Park Kingsport: Rule Exemption Request, WAC 480-60-050(1)

As required under WAC 480-60-050, Prologis Park Kingsport is requesting a rule exemption as described below:

1. Building 19635 – A side clearance of 7 feet 11 inches from center of track to dockladders attached to side of building is less than the required minimum of 8 feet 6 inches and requires a waiver of rule WAC 480-60-050(1).
2. Building 7832-8008 – A side clearance of 6 feet 2 inches from center of track to cantilevered dock extensions on building is less than the required minimum of 8 feet 6 inches and requires a waiver of rule WAC 490-60-050(1).
3. Building 7821-8051 – A side clearance of 6 feet 2 inches from center of track to cantilevered dock extensions on building also requires a waiver of rule WAC 480-60-050(1).

BNSF Railway provides rail service to industries at Prologis Park Kingsport and supports the clearance waiver request to continue serving the industries.

We look forward to your response on our rule exemption request.
