Re: Intent to Exercise Jurisdiction over Solid Waste Collection in Newly Annexed Area:
Kitterman Annexation

Dear Mr. Johnson:

The City of Vancouver, a charter city of the first class, has determined that it wishes to contract for solid waste collection services within the city limits pursuant to RCW 81.77.020. This letter is to notify the Washington Utilities and Transportation Commission of the city's decision, pursuant to RCW 35.21.120 to exercise jurisdiction over the collection of solid waste within a newly annexed portion of the city limits. This annexation was authorized by Ordinance M-4330 and became effective April 1, 2021.

Included with this letter are a copy of Staff Report No. 031-21, associated Exhibits including a legal description of the .74 acres of land a single parcel with a map of the annexation area, and Ordinance M-4330.

The City has a contract with Waste Connections of Washington effective through April 30, 2030, who is also the WUTC G-Certificate holder (certificate G-253) in this area and able to provide garbage, recycling and organics collection services to future commercial customer(s) once the newly annexed area is developed.

Sincerely,

Julie Gilbertson
