**RE: 2023 Integrated Resource Plan Work Plan  
Compliance with WAC 480-90-238  
Docket UG-22\_\_\_\_\_**

Dear Ms. Maxwell:

Attached please find Puget Sound Energy’s (PSE’s) Work Plan for its 2023 Gas Utility Integrated Resource Plan (IRP). It is filed pursuant to the Washington Utilities and Transportation Commission IRP rules under WAC 480-90-238(4), (5) and Order 02, paragraph 28, in Dockets UE-180607 and UG-180608. The Work Plan includes a description of public participation plan, summary of methods for assessing resources, and an outline of IRP content.

PSE is continuing the IRP public participation process in 2022. With safety as our top priority, PSE will continue using online engagement and virtual events for the public participation process until further notice. In 2022, PSE plans to host 6 natural gas related public participation meetings. Please refer to the public participation section of the Work Plan for our planned meeting dates for the remainder of 2022.

Please contact Phillip Popoff, Director, Resource Planning Analytics, at (206) 910-8934 for additional information about this filing. If you have any other questions please contact me at (425) 456-2142.

Sincerely,

*Jon Piliaris*
