October 14, 2022

Dear Amanda Maxwell,

Enclosed please find revised tariff pages and worksheets for Nooksack Valley Disposal, Inc., permit G-166. This is an adjustment to the recycling commodity tracker as detailed in WAC 480-70-351.

We have made the annual review of commodity values and adjusted Note 3 of Item 100. This adjustment will change the charges to residential recycling customers, as a result of a calculation of the recycling tracker using the last twelve months of recycling commodity values. The current debit is \$.30 per customer per month. The proposed debit is \$.10 per customer per month. The expected impact to the company is a **decrease** in annual revenue of \$6,207. We have requested an effective date of December 1, 2022, the date the old rates expire.

Notice will be given to our customers and to the Whatcom County Council at the time of our next billing, after rates have been approved.
