Lewis and Clark Irrigation, LLC (LCI) has asked the Washington Utilities and Transportation Commission (UTC) to approve an application to regulate irrigation. If approved, the UTC regulation will become effective for the 2023 Irrigation season.

Current Annual Rates

This case is strictly an application to become regulated and no rate change is requested at this time. As a regulated company LCI will be required to file with the UTC, and must provide customers written notice 30 days in advance of any rate increases.

The UTC enforces rules that apply to water companies under the Washington Administrative Code, Chapter 480-110. The UTC regulates private, investor-owned utility and transportation companies. For more information about the UTC, go to www.utc.wa.gov.
