On March 31, 2023, PSE submitted a Compliance Filing pursuant to paragraphs 53 and 60 of the Multiparty Settlement Agreement approved in consolidated Dockets UE-220066 and UG-220067 (“2022 GRC”) and paragraphs 237 and 243 of Final Order 24 in the 2022 GRC which included PSE’s Multi-Year Rate Plan (“MYRP”) Annual Report (“MYRP Annual Report”). In the MYRP Annual Report, PSE is proposing that the Commission find that there is no need for a refund. When a refund is not required, the only tariff filings that are required are to transfer the amounts that are no longer deemed subject to refund between Schedules 141R and 141N.

The purpose of this filing is to submit the tariff revisions that are necessary to effectuate the transfer related to 2022 plant. As stated in the cover letter submitted with the above compliance filing, PSE is submitting this filing by April 28, 2023 which is during the first half of the four month review period. This filing will have no impact on overall customer rates as they merely serve to transfer the rates from one tariff schedule to another.

PSE respectfully requests that the Commission issue an order suspending these proposed tariff sheet revisions during the four-month review period as the implementation of these rates will not occur until the end of that period.

The tariff sheets described herein reflect an issue date of April 28, 2023, and effective date of May 28, 2023. Posting of proposed tariff changes, as required by WAC 480-90-193, is being accomplished by posting the proposed tariff sheets on the PSE web site coincident with the date of this transmittal letter.

Please contact Veronica Martin at veronica.martin@pse.com for additional information about this filing. If you have any other questions, please contact me at (425) 456-2142.

Sincerely,

/s/ Jon A. Piliaris
