After Tax	14.50%	15.26	16.09
		120.54	127.04

Mr. Paul Razore, President Sanitary Service Company Via email: paulr@ssc-inc.com

Dear Mr. Razore:

Thank you for your continued business with Republic Services. Though we are constantly working to provide you the best service at the most economical price, certain costs involved in providing solid waste management services continue to increase. This has resulted in higher costs to service our customers. As a result, you will see a rate adjustment on your August invoice for roll-off and compactor disposal.

Effective August 1, 2023, our revised price is \$110.95 per ton plus the City of Ferndale tax of 14.5% (equates to \$16.09 per ton). The total billing will be \$127.04 per ton for all roll-off containers and compactor loads.

For your accounting department, we will be coding these loads as Bellingham roll-offs (BH RO) or Bellingham compactor (BH COMP) in the billing system.

We appreciate the opportunity to continue to provide service to you.

Please let me know if there are any questions via email at gforrest@republicservices.com.

Respectfully,

Gail L. Forrest Assistant Controller
