**Re: Advice No. 2023-25  
Puget Sound Energy's Electric Tariff Revision**

Dear Ms. Maxwell:

Puget Sound Energy ("PSE") hereby submits proposed revisions to its electric Schedule 80 General Rules and Provisions. This filing, pursuant to RCW 80.28.060 and Chapter 480-80 WAC, proposes revisions to the following electric tariff sheets:

WN U-60, (Electric Tariff):

- 6<sup>th</sup> Revision of Sheet No. 80-O - Schedule 80: General Rules and Provisions (Continued)
- 12<sup>th</sup> Revision of Sheet No. 80-R - Schedule 80: General Rules and Provisions (Continued)

The purpose of this filing is to make updates consistent with amended RCW 80.28.010(8)(9) Duties as to Rates, Service, and Facilities-Limitations on Termination of Utility Service for Residential Heating, which will become effective on July 23, 2023. The revisions specify the types of heat-related alerts under which PSE must cease disconnections. PSE will continue its current process of monitoring daily weather forecasts to determine which areas will experience extreme weather and therefore be exempt from disconnection. The proposed revisions also clarify that PSE shall promptly make a reasonable attempt to restore service when a customer makes a request during such a heat-related alert. Sample revised Urgent and Final Notices of disconnection are included in this filing with proposed language informing customers of their ability to request reconnection during heat-related alerts.

The tariff sheets described herein reflect an issue date of June 23, 2023 and an effective date of July 28, 2023. Posting of proposed tariff changes, as required by WAC 480-100-193, is being made on the PSE web site coincident with the date of this transmittal letter.

Ms. Amanda Maxwell, Executive Director and Secretary
