Basic Description:

Mitchell and Kimberly Hinds came by on 01/01/2023 in an attempt to stake their property. Their plot is an empty lot directly next to our property at 2189 Inverness. As first-time home owners, we asked if there was a process they should be following. They told us it was their property, so they could do what they liked. Today, Mitchell came around 8:30 AM along with a man operating a backhoe, dug a hole, ripped up the fiber cable for the internet that ran underground, and practically tore the box right off our house. I called 811 and discovered he never notified anyone that he planned to do this or checked where to dig. I took pictures of everything when it occurred that include the backhoe he brought onto the property.
