Mr. Deese:

This letter is to inform you that on July 3, 2023 the Jefferson County Board of County Commissioners adopted a new fee schedule for solid waste disposal at the County operated transfer station and rural drop box facility. The new fees will become effective on September 4, 2023.

I have attached Resolution No. 28-23 which includes the new fee schedule in Sections 4 and 5. Note also that the per ton annual escalator is set at 2.5% until fund balance benchmarks are met which we would anticipate to be between five and six years at current tonnages. The 2.5% escalator moves the current per ton rate of \$162.93 to \$167.00 effective September 4, 2023 and that rate will apply through 2024.

Please contact me if you have any questions about the new solid waste fees.

Sincerely,

A handwritten signature in black ink, appearing to read "Al Cairns".
