The Washington Utilities and Transportation Commission (Commission) believes that Miles Resources, LLC (Miles Resources or Company) violated Revised Code of Washington (RCW) 19.122.055(1)(a) by failing to notify the one-number locate service and causing damage to an underground gas facility.

RCW 19.122.055(1)(a) states, in part, that excavators who fail to notify a one-number locator service and cause damage to an underground gas facility are subject to a civil penalty of not more than \$10,000 for each violation.

Commission staff (Staff) conducted an investigation that included reviewing damage reports, investigation reports, the One Call Center database, and communications with the Company. The documents reviewed identified a natural gas event that involved Miles Resources damaging a natural gas facility while excavating without a valid locate ticket.

The Commission reviewed findings and recommendations made by Staff and hereby notifies you that it is assessing a \$1,000 penalty (Penalty Assessment) against you on the following grounds:

- 1. Alleged Violation:**  
On May 8, 2024, Miles Resources was excavating at 401 South L Street, Tacoma, Washington. While excavating, Miles Resources workers struck and damaged an underground Puget Sound Energy (PSE) natural gas facility. The Damage Information Reporting Tool (DIRT) report submitted by PSE on June 19, 2024, indicated that Miles Resources was excavating without a valid request to locate underground utilities.
- 2. Analysis:**  
The alleged violation concerns RCW 19.122.055(1)(a), which states, in part, that an excavator must contact the one-number locate center before beginning excavation. The Gas First Response (GFR) report stated that on May 8, 2024, Miles Resources was digging

without locates at 401 South L Street, Tacoma, WA, when it grabbed and pulled on the punch-it tee on the 4" gas main causing damage. The ELM report confirmed the damage in the DIRT and GFR reports and went on to state that the contractor was digging on an expired locate ticket when the 4" main was damaged.

Staff reviewed the One Call Ticket Center database and found locate ticket #24033450 for 1201 South L Street, Tacoma, WA. The locate ticket instruction was, in part, to mark the "S 4<sup>th</sup> Street from South M Street to South L Street Right-A-Way (ROW) ...." The instructions for the locate covers the location where the damage occurred. Locate ticket #24033450 expired on March 16, 2024. Another locate ticket (#24191946) was requested on May 13, 2024, for South L Street and South 6<sup>th</sup> Avenue, Tacoma, which was after the damage occurred.

Staff communicated with the Company on August 5, 2024, via email. Miles Resource admitted to working at 401 South L Street Tacoma, WA, and accidentally damaging the gas line. The Company stated that the crew had not been working in that location for some time, and the locate ticket had expired. Miles Resource stated that after the company became aware of the expired locate ticket, it refreshed the crew on the Dig Law, and the excavators attended Dig Safe Training. The Company provided copies of the training certificates to the Commission.

On July 3, 2024, Miles Resources was issued a Penalty Assessment in docket DG-240499 for a violation that occurred on March 27, 2024. On May 8, 2024, when the current damage incident occurred, the Company had not yet received the first Penalty Assessment. Therefore, Staff does not believe this incident qualifies as a subsequent violation since no meaningful intervention has taken place yet.

The Commission considered the following factors in determining the appropriate penalty amount for the violation:

1. **How serious or harmful the violation is to the public.**  
This incident could have been significantly more harmful to Miles Resources workers, utility technicians, nearby homeowners, and the public, and it could have resulted in severe injury and/or loss of property.
2. **Whether the violation is intentional.**  
The violation appears to be due to negligence rather than a lack of knowledge of Washington State's Dig Law. Over the past 12 months, Miles Resources has submitted 246 requests to the One Call Center for locates. This demonstrates Miles Resources' knowledge of requirements and its responsibility to contact the one-number locate service before beginning excavation.
3. **Whether the company self-reported the violation.**  
Miles Resources did not self-report the violation. The Commission became aware of the violation when PSE filed a DIRT report.

4. **The likelihood of recurrence.**

The likelihood of recurrence depends on the Company's actions going forward and its willingness to notify the one-number locate service every time before beginning excavation.

5. **The Company's previous violations and penalties.**

- **Warning Letters**

On June 10, 2014 and August 22, 2017, the Commission mailed Alleged Violation of Washington Dig Law letters to Miles Resources. The letters included detailed information about Washington State's Underground Utility Damage Prevention Act, requirements for submitting utility locate requests before excavating, and the possibility of penalties for each violation. The Commission mailed the letters after receiving reports of damages caused by Miles Resources on March 1, 2014, and June 9, 2017, respectively, that occurred because the Company failed to submit requests to locate underground utilities before excavating.

- **Penalty Assessments**

On July 3, 2024, the Commission issued Miles Resources a Penalty Assessment of \$1,000 for one violation of RCW 19.122.055(1)(a) that occurred on March 27, 2024 (DG-240499).

The Commission has considered these factors and determined that it should penalize Miles Resources as follows:

- \$1,000 penalty for one violation of RCW 19.122.055(1)(a) with an offer to suspend the penalty for one year, and then waive it, subject to the condition that Miles Resources must not commit any further violations of RCW 19.122 within 12 months of the date of this Penalty Assessment.

These facts, if proven at a hearing and not rebutted or explained, are sufficient to support the Penalty Assessment.

Your penalty is due and payable now. If you believe the violation did not occur, you may deny committing the violation and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for the violation that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for a hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of their decision.

**You must act within 15 days after receiving this Penalty Assessment** to do one of the following:

- Pay the \$1,000 penalty amount due; or
- Notify the Commission that you accept the offer to suspend the \$1,000 penalty amount subject to the following condition; Miles Resources must not incur any additional violations of RCW 19.122 within 12 months of the date of this Penalty Assessment; or
- Request a hearing to contest the occurrence of the violation; or
- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and submit it electronically through the Commission's web portal at <https://efiling.utc.wa.gov/Form> **within FIFTEEN (15) days** after you receive this Penalty Assessment. If you are unable to use the web portal, you may submit it via email to [records@utc.wa.gov](mailto:records@utc.wa.gov).
