Basic Description:

Drew Excavating damaged a natural gas facility within the tolerance zone of accurate locate marks. The damage was caused by mechanized equipment; they failed to pot hole and identify the facility prior to using mechanized equipment. The damage occurred in approximately early June and Drew never notified NWN of the damage, they also buried the damaged facility. The damage was discovered on 9/24/24 by a NWN contract crew that was present to install a new gas service.
